“Ca\$h for Kitchens” Program Continues in 2011-2012

*Restaurants and commercial kitchens are saving water everyday!
Call today to schedule your appointment!*

SOUTH BAY – The SBESC is working with West Basin Municipal Water District to bring you [CASH FOR KITCHENS](#), a program for commercial kitchens in the South Bay (public agency and non-profit sites also qualify). When you sign up for [CASH FOR KITCHENS](#), your business will receive a FREE water-use assessment of your kitchen and free training materials to help employees maintain water efficient practices.

The Gas Company Customer Service Technician’s (CSTs) are happy to join us at our Cash for Kitchens visits, and will do cleaning and calibration of gas equipment during the visit. All the CSTs are trained in rebates available and best practices.

Businesses may also qualify for free water saving devices such as pre-rinse kitchen sprayers, faucet aerators, flow restrictors and waterbrooms. The SBESC is scheduling appointments now. If you have a commercial kitchen or restaurant, or if know of anyone with a commercial kitchen or restaurant, contact Martha Segovia at 310.371.7222 x209, or martha@sbesc.com for scheduling and to find out about additional rebates.

For more information about local events, programs and workshops please go to: www.sbesc.com

SBESC – Save Water, Energy, Money and the Environment

The SBESC is the South Bay's local clearinghouse for energy and water efficiency training, materials and other environmental information. SBESC works closely with the sixteen South Bay cities and County Unincorporated Areas of the South Bay on the implementation of energy and water saving projects that reduce greenhouse gases as well as costs. SBESC provides resources and tools to assist residents, businesses, and public agencies in better understanding the potential for energy and water efficiency within their homes and businesses. The Center hosts a wide variety of seminars, training sessions, and participates in many community events to assist consumers in making the best decision regarding energy and water use. The SBESC is operated by the South Bay Cities Council of Governments (SBCCOG) which partners with The Gas CompanySM, Southern California Edison, West Basin Municipal Water District, City of Torrance Water Department, Sanitation Districts of Los Angeles County, Los Angeles County Metropolitan Transportation Authority, and County of Los Angeles for Energy Upgrade CaliforniaTM. Visit <http://www.sbesc.com> for the latest activities, schedules and opportunities to participate in a greener South Bay.
